Seminar Report (15%)

STQP6014

Due date: 27/6/2025

Dear Students,

For this course, you will be attending industrial talks organized within the semester. You will need to submit a seminar report after attending all the industrial talks to reflect on what you've learned.

1. You are required to **form a group of 3–4 students**. Each group will work collaboratively to complete and submit **one group report**.
2. In the report, provide a brief **summary** and your group's **takeaways** or **reflections** (what you found valuable, how it connects to your field, questions it raised etc.) for each industrial talk.
3. Finally, provide a general conclusion for all the industrial talks.

Please submit your seminar report in UKMFolio. Only one of your group representatives needs to submit the report in UKMFolio.
